Together Again

Message from the Director: “ Welcome to our dance showcase 2022! We are very proud of the work of all our dancers during a very busy and challenging season. The dances featured in the performance of *Together Again* were inspired by many things in our daily life: reflections of the past, a favorite memory or song, and the hope for peace, healing & unity in all we are, all we do and say.” Thank you for coming, we are so glad you are here.”
